Social Way 3.0 was launched in January 2020. At the end of 2024 Jwaneng was assessed against all the planned requirements of Social Way 3.0 and the site has consistently achieved targets set out. Social Way continues to be implemented at the site for 2025.

Two of the compulsory requirements relate specifically to human rights due diligence and the Social Way Toolkit provides extensive guidance and templates to support operations with their implementation:

- Requirement 3C. Social & Human Rights Risk & Impact Analysis
- Requirement 4E. Voluntary Principles on Security & Human Rights
